### **SUMMARY:**

Ridgeline ENT, LLC (hereinafter 'REL') is a freight line corporation specializing in local and long-distance transport for the southeast division: South Carolina, Georgia, and Florida. Our extended services include commercial truck rentals, cargo & marine shipping, and transport. Although we enjoy transporting for our clients, safety, and accuracy is our number one goal. Our staff is fully certified, skilled, and trained to provide surety and the ease to all of our clients.

### **BUSINESS SUMMARY:**

REL was founded in April 2021, by Anthony L. Simmons, a resident of Longridge community in rural Berkeley County, South Carolina. Anthony has 20 plus years of experience operating commercial vehicles and contracting with the Charleston port authority. As a beginner entrepreneur, Anthony realized that a solid and stable foundation should be mandated to care for the wellbeing of his wife and two young children. Due to the lack of transport in the community, due to much development and infrastructure in Berkeley County, Anthony decided to take on the role of his family members. He has closely worked with Ameyalli Hemp farm, Pure Native Farms, ILA local 1422, R & Sons LLC, The late Honorable Dr. Tonia A. Taylor, (first African American town-council woman for the town Moncks Corner, SC,) & DAS NET tech company.

### **CAPABILITIES:**

- Virtual CDL training classes and commercial drivers
- Flatbed, trailer, commercial truck, & landscape equipment rental services. TWIC card holder.
- Work seamlessly with clients to meet quick turn-around times and mandates
